Dear Karmen Gudnik,

Are your students currently searching for an internship abroad? My name is Finja Lübben and we, from PIC Management, are specialized in finding paid and attractive internships abroad for students. Most internships are in English, so we have interesting offers for your local and international students. Our partners are located all over Europe, Mexico, Panama and Maldives. Our global network of host companies allows students to expand their knowledge and language skills during their internship abroad.

Hereby, I would like to send you a few internship offers because right now is the best time to apply for an internship starting in 2018. Please share the document with your students and support them to find an internship abroad.

If your students are searching for internships in specific fields, please let me know and I can send you more specific offers. Moreover, I would be glad to receive more information regarding the internship duration and requirements.

I am looking forward to hearing from you and thank you in advance for your help.

Kind regards,

Finja Lübben
